

# CONTENTS

## CHAPTER 1

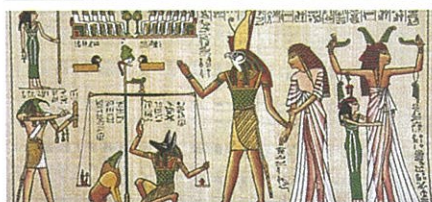

<b>Linear Graphs and Simultaneous Linear Equations</b>	<b>1</b>
1.1 Equations of straight lines	2
1.2 Graphs of linear equations in the form $ax + by = k$	6
1.3 Solving simultaneous linear equations using graphical method	10
1.4 Solving simultaneous linear equations using algebraic methods	14
1.5 Applications of simultaneous equations in real-world contexts	23
Summary	29
Review Exercise 1	30

## CHAPTER 2

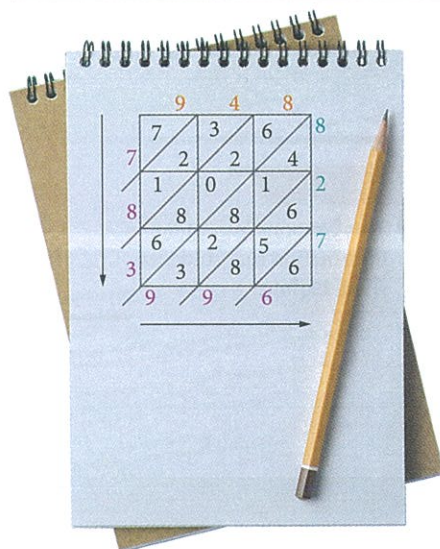

<b>Linear Inequalities</b>	<b>33</b>
2.1 Simple inequalities	34
2.2 Solving simple linear inequalities	37
2.3 Solving problems involving linear inequalities	42
Summary	45
Review Exercise 2	46

## CHAPTER 3

<b>Expansion and Factorisation of Algebraic Expressions</b>	<b>47</b>
3.1 Addition and subtraction of quadratic expressions	48
3.2 Expansion of algebraic expressions of the form $(a + b)(c + d)$	51
3.3 Expansion of quadratic expressions	55
3.4 Factorisation of quadratic expressions	62
3.5 Factorisation of algebraic expressions into the form $(a + b)(c + d)$	73
Summary	79
Review Exercise 3	81

## CHAPTER 4

<b>Expansion and Factorisation using Special Algebraic Identities</b>	<b>83</b>
4.1 Expansion using special algebraic identities	84
4.2 Factorisation using special algebraic identities	93
Summary	99
Review Exercise 4	100
<b>Revision Exercise A1</b>	<b>101</b>
<b>Revision Exercise A2</b>	<b>102</b>
<b>Invitation to Code (Part 4)</b>	<b>103</b>

## CHAPTER 5

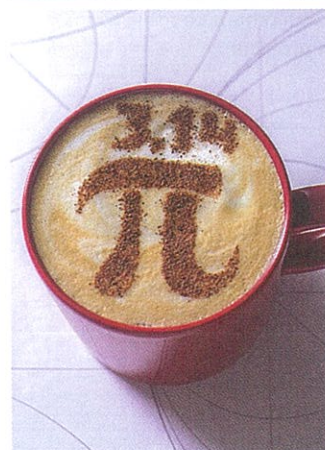

<b>Quadratic Equations and Graphs</b>	<b>107</b>
5.1 Solving quadratic equations by factorisation	108
5.2 Quadratic functions and graphs	116
Summary	128
Review Exercise 5	129

## CHAPTER 6

<b>Algebraic Fractions and Formulae</b>	<b>131</b>
6.1 Algebraic fractions	132
6.2 Multiplication and division of algebraic fractions	135
6.3 Addition and subtraction of algebraic fractions	137
6.4 Solving equations involving algebraic fractions	141
6.5 Manipulation of algebraic formulae	144
Summary	151
Review Exercise 6	152

## CHAPTER 7

<b>Direct and Inverse Proportions</b>	<b>155</b>
7.1 Direct proportion	156
7.2 Algebraic and graphical representations of direct proportion	158
7.3 Other forms of direct proportion	165
7.4 Inverse proportion	170
7.5 Algebraic and graphical representations of inverse proportion	173
7.6 Other forms of inverse proportion	180
Summary	184
Review Exercise 7	185

<b>Revision Exercise B1</b>	<b>187</b>
<b>Revision Exercise B2</b>	<b>188</b>

<b>Hints for Challenge Yourself</b>	<b>189</b>
-------------------------------------	------------

<b>Answer Keys</b>	<b>191</b>
